Protect our facilities!

We, the undersigned, Citizens of Stoke-on-Trent, object in the strongest possible terms to the City Council's plan to close the Splash Pool at Dimensions Leisure Centre for an annual saving of £60,000. We cannot understand the removal of this facility from public use on financial grounds while the Council is hiring personnel such as the Head of Public Relations and Communications at an excessive salary of £75,000 p.a., or employing nine Councillors in the Elected Mayor's Cabinet at least at an extra £7,500 p.a. each. We demand that the Council reconsider its budget priorities.
